**** Track events take priority over field events**. Competitors who are at a field event and hear a marshalling call for a track event in which they are competing ***MUST*** tell the Official and go to the marshalling area for their track event and return to the field event as soon as possible. AWD events are now known as Multi-Class (MC) events.

Starting times are approximations only. An event will start when the previous event is completed.

The event order may be altered by the Carnival Convenor should the circumstances arise.
