**\*\* Track events take priority over field events.** Competitors who are at a field event and hear a marshalling call for a track event in which they are competing **MUST** tell the Official and go to the marshalling area for their track event and return to the field event as soon as possible. AWD events are now known as Multi-Class (MC) events.

Starting times are approximations only. An event will start when the previous event is completed.

**The event order may be altered by the Carnival Convenor should the circumstances arise.**
